That prisoner was a strange among us, exposed to strong National prejudices on every side, on trial for what is a grave offence in the eye of our law, but which, if committed is obedience to his lawful superiors and in warding off the footsteps of invasion from the soil of his country, can hardly be regarded as implying moral

the result is almost accessarily his acquittal. But the conduct of leading advocates on this trial is deserving of severe reprehension. While between the two District Attorneys on the one hand, and the jumor counsel for the defence on the other all was perfectly courteous, the conflicts of Mr. Spencer with Messrs, Hall and Hawley evincean acrimony and passion which, as between a District Attorney of the United States and admitted leader of the bar on one side and the Attorney General of the State on the other, cannot be toearnestly reprobated. We can hardly be mistaken in the conviction that the original error in this case was Mr. Spencer's. He entered upon the trial. not merely in the conscious importance with which Rob Roy exclaims, 'My foot is on my native heath-my name McGregor!' but in a spirit of bitterness toward his leading opponent of which n 'private griefs' can justify the manifestation i such a forum. Almost every observation made by him from the outset embodied an attempt at sarcasm or sneer on 'Mr. Attorney General.' This was for a long time unregarded, as it certainly was unprovoked by any thing occurring on the trial At length bitterness provoked retort, and the monotony of the later portion of the trial was relieved by alternate bursts of passion which were rather more interesting to the audience than accordant with the dignity of the Court or promotive of the
